

Types of windows

The purpose of windows

ISO sectional doors can be fitted with Plexiglas windows for increased natural light and improved visibility. The standard windows are oblong, with straight or rounded corners containing single or insulating double glazing.

For additional security against intruders, narrow rectangular windows with rounded corners are also available. Are you looking for a one-of-a-kind design? Then go for the rounded windows or a creative pattern made up of windows.

% The light yield of the various windows

Lots of light and great visibility

Rounded corners (r=60 mm), excellent insulative value

Rounded corners (r=100 mm), excellent insulative value

Straight corners, excellent insulative value

Narrow, burglar-proof windows

Attractive round windows
